

## **30 Days Wild by Eddie Barnes**

**I went to see my friends. I have a tent, we put it up in Alfie's garden so that we could sleep outside.**

**We were near to their lovely pond. I sat on the bridge with Geoff and watched the fish.**

**It's a really big pond with fish. We threw bread onto the water and sat quietly and saw the fish splashing to get the bread.**

**That was fun.**

**We all had supper in the sunshine.**

**It was lovely sleeping in the tent with my friend. In the morning I woke up because the birds were singing SO loudly! (almost screaming!)**

**After breakfast, we took Alfie to Aldeburgh to sail, but it was too windy to sail, so we sat by the river and watched him in the water in a dinghy .**

**It was pretty there.**

**I liked the wind. I would like to learn to sail too. I like being with water, I don't mind getting wet, I don't mind freezing water.**

**Mum is going to find a place that I can go.**

**I also had a BIG idea today. When I am 18, I would like to see a real blue whale!**

**The blue whale is my favourite animal. I love it so much.**

**I have watched David Attenborough talking about the blue whale lots of times.**

**I have been to the Natural History Museum and I have seen the life size model,**

**It is fantastic, but my dream is to see a REAL one.**

**Mum said we had better start saving up!**
