

## **30 Days Wild by Eddie Barnes**

**It's midsummer's day!**

**Mum was home late because dad had an operation on his knee. He wasn't feeling very well.**

**She said we needed to do something for 30 days wild because it's midsummer. So we went to the end of the garden and made a nice place to lie down.**

**We were next to the willow where the little owls have a nest.**

**Mum said that the new babies made such a lot of noise the other night that they woke her up!**

**I didn't find it easy to lie down still, but we did try because we wanted to see the little owls.**

**We looked up at the sky, it looked lovely through the trees and it was really warm as well.**

**We didn't see any owls though. But we know that they are there!**
